Portfolio • GitHub • LinkedIn

PROFESSIONAL SUMMARY

Second-year Computer Science student with an 8.2 CGPA and hands-on experience building responsive websites, functional web applications, and AI-powered projects. Skilled in HTML, CSS, JavaScript, Python, React.js, and modern web technologies, with a focus on clean UI, responsive design, and practical problem-solving. Seeking a Web Developer Intern opportunity to contribute to real-world projects and grow as a software developer.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript, Python
- **Frontend:** React.js, Next.js, Tailwind CSS, Responsive Web Design
- **Backend & Database:** Node.js, Express.js, MongoDB, SQL, Supabase
- **Tools & APIs:** Git, GitHub, REST APIs, OpenAI API, Canva

SELECTED PROJECTS

Amazon E-Commerce Website Clone

HTML · CSS · JavaScript

- Built a functional e-commerce interface inspired by Amazon with responsive layouts and interactive shopping features.
- Implemented product browsing, navigation, and front-end interactions using JavaScript.
- Focused on realistic e-commerce UI, usability, and cross-screen responsiveness.

Myntra E-Commerce Website Clone

HTML · CSS · JavaScript

- Developed a functional fashion e-commerce website inspired by Myntra with responsive product sections and navigation.
- Implemented interactive front-end functionality and a realistic online shopping experience.

Saathi AI

JavaScript · Python · OpenAI API · REST APIs · SQL/Supabase · Git

- Developed an AI-powered application with an interactive web interface and practical AI-based functionality.
- Integrated AI services and data handling into a clean, responsive user experience.

Expense Tracker

HTML · CSS · JavaScript · Python · SQL

- Built an application for recording and organizing income and expenses with dynamic calculations.
- Implemented interactive UI components and responsive design for practical day-to-day financial tracking.

To-Do List

HTML · CSS · JavaScript · Database

- Created a task-management application with task creation, management, completion, and dynamic UI updates.
- Used JavaScript DOM manipulation to build an interactive and responsive experience.

Business Websites — Cafe Pink & Gym

HTML · CSS · JavaScript

- Created modern responsive websites for real-world business concepts, focusing on visual presentation, navigation, and mobile-friendly layouts.

EDUCATION

Bachelor of Technology — Computer Science & Engineering

Galgotias University | 2025 – 2029 | Currently in 2nd Year | CGPA: 8.2/10

CAREER FOCUS

Seeking Web Developer / Frontend Developer internship opportunities. Interested in responsive web applications, AI-powered solutions, modern UI development, and real-world software projects.
